

Quiz 2

Name:

June 20, 2018

1. In LFG, what's the difference between C-structure and F-structure?

2. Consider the following annotated tree:

The verb *cast* must be associated with the same f-structure as the S. What is it in this tree that makes this true?

3. What's wrong with this tree? Be specific: what exactly will go wrong?

*
